

STATE OF NORTH CAROLINA
COUNTY OF VANCE

The Vance County Board of Commissioners met in regular session on Monday, April 7, 2025 at 6:00 p.m. in the commissioners’ conference room, Vance County Administration Building, 122 Young Street, Henderson, NC. Those commissioners present were as follows: Chair Carolyn Faines, Vice-Chair Yolanda J. Feimster, Commissioners R. Dan Brummitt, Charisse Fain, Leo Kelly, Jr., and Valencia L. Perry.

Absent: Commissioner Thomas S. Hester, Jr.

Also present were County Manager C. Renee Perry, Assistant County Manager Jeremy Jones, Finance Director Stephanie Williams, County Attorney Jonathan S. Care, and Clerk to the Board Kelly H. Grissom.

Chair Carolyn Faines gave the invocation.

Public comments were heard first. Mr. Lonnie Mitchell stated that he signed up for county water in 2014 for a vacant lot that he had hoped to build on in the future. He has been paying the \$30 monthly base fee since that time. He asked the board to forgive the \$30 base fee since he is not receiving water. The board referred this matter to the county manager and special projects coordinator.

Ms. Angie Ryan thanked the board for their service and stated that she would like to be a proactive voice for the community. She referenced the rezoning request that was brought before the board during its March meeting and asked the board to look into the investors/developers closely when making its decision on this matter.

As advertised, the Board of Commissioners, sitting as the Board of Equalization and Review, heard from the following property owners concerning the value of their property which they felt was in excess of fair market value:

<u>Name</u>	<u>Property Address</u>
1. Nathan and Elaine Person	1530 South Chavis Road Parcel: 0488 02002
2. Shirley Julian	104 Bowman Lane Parcel: 0595 01031
3. Marina Rast (Greenwood)	105 West Lake Drive Parcel: 0218A02003

Nathan and Elaine Person, 1530 South Chavis Road, PIN 0488 02002. Mr. and Mrs. Person stated that the value is too high. They did not provide an appraisal or comparable sales.

They stated that the house on the property is dilapidated and provided pictures. They asked that the house be valued at zero and that only the land be taxed. They also stated that there is a church on the property owned by Shiloh Missionary Baptist Church and provided a deed showing that they sold the land to the church. Tax Administrator Jennifer Williams was present and stated that the church is exempt. She was not aware of this deed and would like to look into the matter further to remove the church.

Motion was made by Commissioner R. Dan Brummitt, seconded by Commissioner Leo Kelly, Jr., vote unanimous, to continue this appeal until the May 5th meeting.

Shirley Julian, 104 Bowman Lane, PIN 0595 01031. Ms. Julian stated that the value of her property is too high. She did not provide an appraisal or comparable sales. She stated that her house is smaller than her neighbor’s house but is valued higher. Real Property Appraiser Brooke Davis with the Vance County Tax Office stated that she remeasured Ms. Julian’s property and it is correct. Commissioner R. Dan Brummitt stated that if the neighbor’s house is incorrect, it needs to be reassessed.

Following brief discussion, motion was made by Commissioner R. Dan Brummitt, seconded by Commissioner Leo Kelly, Jr., vote unanimous, to continue this appeal until the May 5th meeting in order to reassess the measurements of the neighbor’s house.

Marina Rast, 105 West Lake Drive, PIN 0218A02003. Ms. Rast stated that her attic was assessed as heated space, but it is not heated. Ms. Williams stated that this was taken into consideration, and the tax value was lowered from \$331,515 to \$304,484. Ms. Rast stated that she was not aware that the value had been lowered and is satisfied with the new value.

Motion was made by Commissioner R. Dan Brummitt, seconded by Commissioner Yolanda J. Feimster, vote unanimous, to uphold the tax value in the amount of \$304,484.

Tax Administrator Jennifer Williams was next on the agenda and presented the following untimely exemption applications for approval. She stated that if the applications had been submitted by the deadline, she would have approved them at the staff level.

Name	Exemption Requested	Tax Administrator’s Recommendation
Spring Valley United Methodist Church 929 Spring Valley Road PIN 0207 03010B	Religious Exemption	Approve Application
Fisher of Men Church of Our Lord Jesus Christ Elsie Street PIN 0066 03024A	Religious Exemption	Approve Application

Motion was made by Commissioner R. Dan Brummitt, seconded by Commissioner Leo Kelly, Jr., vote unanimous, to approve the exemptions as requested.

At this time, Mark Browder with Mark III Benefits, appeared before the board and provided information on the employee health plan. He noted that Vance County has been with the League of Municipalities – Municipal Insurance Trust (MIT) since 2016. Unfortunately, the League has discontinued the MIT and the county must look into other options. Mr. Browder provided the following three options:

- Self-funding. This is the most efficient and cost-effective method to fund the plan over time. The net fixed cost usually represents only 10% of the plan cost, with 90% of the cost being claims driven.
- Balanced Funding. This is the next highest strategy for funding medical coverage with expenses greater than 20%.
- Fully Insured. This is the most expensive option with expenses typically in excess of 25%.

Mr. Browder informed the board that Mark III bid out the plan and received four responses from Aetna Insurance, Cigna Insurance, United Healthcare, and Blue Cross Blue Shield. He recommended going with BCBS which is through the Carolina Public Entity Cooperative (CPEC). CPEC is a pool of approximately 28,000 members that allows government entities to collaborate, govern, and manage insurance collectively and ensures that health insurance is accessible and financially sustainable for employees. It is also governed by North Carolina Statute and regulated by the NC Department of Insurance. With all these benefits, it will still be a \$1.4M increase over last year. Benefits for employees will remain the same.

Following discussion, motion was made by Commissioner Leo Kelly, Jr. to move forward with the medical renewal for FY 2025-26 with Blue Cross Blue Shield through the Carolina Public Entity Cooperative (CPEC). This motion was seconded by Commissioner Charisse Fain and unanimously approved.

Water District Board

Chair Carolyn Faines called the Water District Board to order.

The February 2025 monthly operations report was presented to the board for information. Chair Carolyn Faines adjourned the Water District Board.

Work Session Report and Recommendations

The board held a work session on Monday, March 17, 2025. County Manager C. Renee Perry provided the following report and recommendations.

Committee Meetings Online. Ms. Perry stated that the board discussed live streaming all committee meetings via You Tube moving forward. If the board decides to do this, staff recommend moving all committee meetings to work sessions as was done on March 17. If by chance there is an urgent need that cannot wait for a work session, a separate committee meeting can be scheduled in the board's conference room. She noted that IT Director Randall Medlin also recommends this option. This will help address current challenges and will make meeting times more predictable and increase public engagement. She stated that staff did not get clear direction from the board during the work session on this matter.

Commissioners Leo Kelly, Jr., Charisse Fain, and Carolyn Faines all stated that they support moving topics for committee meetings to work sessions because all commissioners are present. It was also noted that this would not eliminate committee meetings. If a separate committee meeting is needed, it can be held in the boardroom. Commissioner R. Dan Brummitt was not in support of this option because work sessions are usually limited to an hour. He also prefers the round table format of committee meetings rather than a formal quorum format.

Motion was made by Commissioner Leo Kelly, Jr. to move committee meeting topics to work sessions on a trial basis. This motion was seconded by Commissioner Charisse Fain and vote was ayes – five (5); noes – one (1), with the dissenting vote being cast by Commissioner R. Dan Brummitt.

Robert's Rules of Order. Ms. Perry noted that the board discussed implementing Robert's Rules of Order and decided not to proceed with research of implementing Robert's Rules of Order.

Social Media Policy for Commissioners and Board Appointees to County Boards and Committees. Ms. Perry stated that the board discussed possibly creating a policy on social media use by commissioners and individuals appointed to county boards and committees. After direction from County Attorney Jonathan S. Care, the board directed staff to work with Attorney Care to create a policy aimed at creating an acknowledgement that they will not speak on behalf of the government entity or other commissioners which could create liability for the county. She stated that the policy will be drafted and brought back to the board after the budget process is complete.

Green Rural Redevelopment Organization (GRRO) Nutrition Program. Ms. Perry reported that the board discussed the GRRO nutritional program that would assist households with food insecurities. There were many unanswered questions regarding this program, and the board

directed staff to follow up with GRRO Director Henry Crews to obtain more information and bring back to the board.

Youth Services Use of Eaton Johnson Gym. Ms. Perry reported that the board discussed the use of Eaton Johnson gym by the City of Henderson Recreation and Parks/Youth Services Department. Youth Services is 100% county funded with the office space being located at Eaton Johnson. The board was in favor of allowing the facility to be used for youth services programs and recreation programs. Maintenance and cleaning would be the responsibility of the City of Henderson Recreation and Parks/Youth Services department. She noted that a draft MOU has been sent to city staff for review and will be sent to the board as well.

Additional County Water Lines. Ms. Perry stated that the board discussed a citizen request for the expansion of the county water system, and it was determined that the requested area of expansion is within the City of Henderson water district.

Affordable Housing. Ms. Perry noted that the board discussed a request from Branche and Associates to educate the county on affordable housing in our county. She stated that the board was okay with a presentation to a committee but there are some concerns about a potential conflict of interest.

Gun Control. Ms. Perry stated that the board discussed a public comment period request to enforce gun control in the county. After discussion with the Sheriff and staff, the board decided not to implement any policies that would restrict gun control within the county. Commissioners feel as if the existing state and federal laws are sufficient in regulating firearms, and no additional local measures are necessary. As a result, residents will continue to abide by current gun laws without any new restrictions from the county.

Fleet Management. Mr. Jones stated that Vance County Administration is requesting the approval of a partnership with Enterprise Fleet Management to improve the efficiency, cost-effectiveness, and sustainability of the county's vehicle fleet. By transitioning to a professionally managed leasing program, the county can reduce maintenance expenses, lower fuel costs, and ensure that departments have access to safe, reliable, and up-to-date vehicles. This initiative will help optimize fleet operations, minimize downtime, and provide long-term financial benefits through improved asset management and resale value. Partnering with Enterprise Fleet

Management aligns with the county's commitment to responsible financial stewardship and enhanced service delivery to residents.

Commissioner R. Dan Brummitt expressed his concerns with Animal Control having multiple 3/4-ton trucks. He stated that only one is needed.

Motion was made by Commissioner R. Dan Brummitt to move forward with the contractual agreement with Enterprise Fleet Management for the county's vehicle needs. This motion was seconded by Commissioner Charisse Fain and unanimously approved.

County Attorney’s Report

Detention Center Facility. County Attorney Jonathan S. Care stated that the board needs to make a decision on how to move forward with repairs at the detention center facility as well as

how to move forward with building a new facility. He provided an outline of project delivery methods that included the following:

- Design/Bid/Build. A design team of architects and engineers is hired and a contractor is selected through a bidding process to construct buildings for a set price.
- CM at Risk. The owner contracts separately with an architect and a Construction Manager at Risk or Construction Manager as Contractor (County Manager-contractor). In this format, the construction manager is “at risk” since that organization provides both contractor services and construction management services for the project.
- Design/Build. The owner contracts with a single entity for both design and construction.

Attorney Care stated that a detention center is a unique build and recommended the design/build option for repairs at the current facility. For new construction, he recommended the design/build option or the CM at Risk option. Both options allow the architect and the construction manager to work together to design the facility. He also noted that the design/build option is the quickest option.

He asked for direction from the board to allow staff to begin developing written criteria to determine if the design/build option is the best for new construction. The board agreed to this.
